Serial No. 23

BRIEF ABSTRACT OF LETTER.

Brings to notice the delay on the part of the Chintamani m. cl. in paying their quota towards the expenses of the water-supply scheme & suggests that it may be made a general rule that every municipal quota should be paid within a month from the date of sanctioning ^{any} project.

NOTES AND ORDERS.

Under G.O. no. L 4657-59./ml 36-23-8 a) 18/12/23, the ml. cl. of Chintamani had to pay Rs 9.119-8-0, towards the additional outlay.

2) The existing rule regarding the payment of the share of ml. cl. in connection with any project executed

Serial
No.

thus the agency of the P.W.D is given in para 239 of the Mysore Ind. Account. Manual. The Chief Eng^r. brings to notice the practical difficulty in strictly adhering to the departmental & local rules. When the existing rule viz, that the amount must be recovered in advance is stricter than the suggested remedy, it is a point for orders if the suggestion could be accepted.

3) The second point regarding the grant of permission to the Ex Eng^r. to meet all the bills on hand from Govt share, pending adjustment on receipt of our contribution also requires orders.

27. JHK
14/4/24

is not stated, from full share.
There seems to be no objection in principle
here & so. if funds are available.
There seems to be no necessity for
enacting a new rule in the face
of an existing rule which requires
payment earlier. It is not the
enunciation of more rules than
are required than the realisation
by the local bodies of their ~~own~~ respon-
sibility in carrying out the existing
rules.

Chief Engineer of Mysore, Bangalore.

To

R
1441

B. Nagappa, Esq., Bar-at-Law,

Secretary to Government,

Local and Legislative Departments,

B a n g a l o r e

SIR,

I have the honour to inform you that the Executive Engineer Water Supply Construction Division reports that in spite of frequent requisitions issued to the President of the Municipality, Chintamani Town, it has not yet paid its quota for the water supply scheme. This has contributed much to the lack of progress on works on the hand and the non-settlement of contractor's claims on the other.

2
26-23-
10/12-
23

2. For the past two months the Executive Engineer has not been able to discharge the heavy bills of the contractors for the water supply to the town purely for want of funds under contribution. The payments are not ensured, neither progress can be ensured nor lapse of grant avoided. Very little can be done during the remaining 3 months of the year and major portion of the grant under 30 Grants for Public Improvements is likely to lapse.

3. Further it is also impossible to enforce the terms of the contract bond in regard to the monthly rate of progress and the date of completion of the work, so long as the work measured remain unpaid. It will in the long run, afford a handle for the contractors to put in their claims for higher rates, &c., when the works extend beyond dates specified in the bonds.

121

14

4: If according to the Departmental and Codal rules, the works are not commenced prior to the realisation of contribution, the Division has to idle away its time waiting ^{to receive the Municipal} quota and lose the opportune seasonal conditions for the prompt execution of the works.

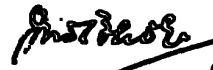

5. The only possible remedy seems to be that when a project is sanctioned it should be stipulated that the Municipal quota should be paid up within a month from the date of sanction to (i) the project.

5. As for the present bills on hand; the Executive Engineer may be permitted to pay them meeting the full amount from the Government share pending adjustment on receipt of Municipal contribution. (ii)

I have the honour to be,

Sir,

Your most obedient servant,

10.11.24
Chief Engineer of Mysore.

FROM

OFFICE OF THE DEPUTY COMMISSIONER,
KOLAR DISTRICT.

Date: Kolar, the 14th July 1924

S. HIRIANNAIYA, Esq., M.A., B.L.,
DEPUTY COMMISSIONER, KOLAR DISTRICT.

S. Nagappa, Esq., Bar-at-Law,
Secretary to Government of Mysore,
Local & Legislative Departments, Bangalore.

With reference to your letter No: L. 9062/11.26-23-30 date 22-5-1924 calling for a report on the action taken by the President, Chintamani Municipality, in regard to the payment of their quota towards the expenditure of the water supply scheme, I have the honor to forward herewith the President's letter No: 8/24-25 dated 4-7-1924 together with its enclosures for information.

It will be seen from the copies of correspondence received above that a sum of Rs 5,000 was due from the Municipality to the Public works Water supply Department. Out of that sum a sum of Rs 2,450 was paid on 31-5-24 by the issue of a cross cheque No: 37 and the balance of Rs 2,550 was withheld on account of correspondence between the Council and the Executive Engineer, Water Supply Department with regard to the adjustment of the cost of the old pipes.

3. It will be seen further from the Council's resolution that the entire cost of the old pipes amounting to Rs 2,550 is claimed by them; whereas the water supply Department with regard to the adjustment of the cost of the old pipes contends that half the cost should go to Government. Hence the adjustment of the balance of Rs 2,550 by the Municipality depends upon the final settlement of the aforesaid claims in dispute.

4. I request therefore that orders of Government may kindly be obtained in the matter early.

I have the honor to be,

S I F.
Your most obedient servant,
